

KILLS
COVID-19
FOR
7 DAYS

AERIS DEFENCE

HOSPITAL GRADE HARD SURFACE DISINFECTANT CLEANER
FOR USE ON ALL HARD SURFACES

Broad-spectrum antibacterial disinfectant cleaner with outstanding ongoing protection.

Kills and protects

Kills COVID-19, influenza virus, norovirus, and a broad spectrum of bacteria

Provides extended protection against recolonisation of bacteria and COVID-19 for 7 days

Single step clean & disinfect in one application (no need to pre-clean surfaces)

Spray **Aeris Defence**

Wipe to ensure coverage

Leave to dry for effective ongoing residual protection against COVID-19, S. aureus and E. coli bacteria

Rinse food contact surfaces and items such as utensils, cutting boards, cookware with potable water before re-using where required

PRODUCT OVERVIEW

- ✓ Hospital grade disinfection under dirty conditions
- ✓ Protects against COVID-19 for 7 days
- ✓ Anti-bacterial protection for up to 7 days
- ✓ Listed in the Australian Register of Therapeutic Goods – ARTG No. 348875

Aeris Defence provides multi-action benefits:

- ✓ Kills germs – broad spectrum bactericidal
- ✓ Leaves behind an invisible protective film against broad spectrum of bacteria and COVID-19 for 7 days

Aeris Defence is compatible with the vast majority of both natural and synthetic surfaces prone to microbial colonisation.

Aeris Defence helps long-term microbial control with its patented quat-polymer invisible protective film. This layer ensures that your surfaces remain germ free. The film does not impact how the surface is used, leaving the treated area cleaner and safer from microbial contamination for a longer period of time.

PRODUCT NOTES

Always refer to the product label instructions, SDS and IFU prior to use.
